

TO: MEDICS TRAINING, INCORPORATED (MTI) CLIENTS
FROM: DENNY NOTHNAGEL, PRESIDENT/OWNER
RE: MERGER & SALE OF MEDICS TRAINING, INCORPORATED
DATE: 29 SEPTEMBER, 2022

Dear clients:

After 37 very successful and enjoyable years of providing pre-hospital emergency medical care training to you, our valued clients, I would like to share this exciting news with you.

Effective 1 November 2022, MTI will be merging with CPR Professionals, LLC.

CPR Professionals is based in Anoka County and has 17 years of training experience. This merger will culminate with the complete sale of MTI to CPR Professionals effective 31 December 2022.

CPR Professionals is solely owned by Cortnee Hansen and employs several instructors from a wide variety of medical backgrounds. I hope you will afford Cortnee and CPR Professionals the opportunity to continue to help you meet your training needs into the future.

While this decision was made with a mix of emotions, I feel that the time is right for me to make this move and retire. MTI is leaving on our terms and, I feel, with a well-earned reputation for providing training excellence and professionalism for all our clients.

To ensure your training needs are seamlessly met, effective 1 November 2022 the MTI phone numbers, web page and email will be monitored and supported by both MTI and CPR Professionals through 31, December 2022. At that time, all communications will be addressed by CPR Professionals.

Sincerely,

Denny Nothnagel
